WORK EXPERIENCE

Fullstack Web Developer

Elsewedy Automation // N/A - N/A

As a Fullstack Web Developer, my primary responsibility was to design, develop, and deploy scalable and efficient web applications using a range of technologies such as React, Node.js, and MongoDB. In my last experience, I successfully led the development of a complex e-commerce platform, resulting in a 30% increase in sales and a 25% reduction in page load times.
